    Component <|-- SpriteComponent
    Component <|-- TransformComponent
```

Component

The diagram illustrates a class hierarchy. At the top is a box labeled 'Component'. Below it, a horizontal line connects two boxes: 'SpriteComponent' on the left and 'TransformComponent' on the right. A vertical arrow points upwards from the center of this horizontal line to the bottom center of the 'Component' box, indicating that both 'SpriteComponent' and 'TransformComponent' inherit from 'Component'.
